RE: US EPA Class V UIC Facility Inventories – NYS OPRHP – Finger Lakes Region

Dear Ms. Nicole Foley Kraft,

Enclosed are updated UIC Inventory Forms (EPA Form 7520 16) for the New York State Office of Parks, Recreation and Historic Preservation facilities within the Finger Lakes Region that have infrastructure qualifying for inclusion. Also included with this correspondence are letters for each of our facilities verifying that the facility has been inventoried and all qualifying infrastructure is included on the UIC inventory forms and that drains that are not eligible for inclusion in the UIC inventory are discharged to appropriate infrastructure or the facility does not have infrastructure or discharges.

If you have additional questions please feel free to contact me at (607) 387-7041 or by email at Sigrid.popowitch@parks.ny.us.

Sincerely,

Sigrid Popowitch
Senior Park Engineer, Finger Lakes Region

RE: US EPA Class V UIC Facility Verification Request

FACILITY: Watkins Glen State Park, UICID: 09NY09708006

Dear Ms. Nicole Foley Kraft,

All discharges from drains at **Watkins Glen State Park** are directed into appropriate sanitary sewer facilities. There are no in-ground treatment systems that do not have a septic tank prior to in-ground disposal. All UIC Class V wells at this facility have been inventoried and reported on EPA Form 7520-16.

Sincerely,

Sigrid Popowitch
Senior Park Engineer, Finger Lakes Region
